In *The Genius Engine*, acclaimed science editor and writer Kathleen Stein takes an enthralling in-depth look at the PFC, the site of our working memory, impulse control, reason, perception, decision making, and emotional processing—all the things that comprise our human genius. The PFC differs widely among individuals, as much as fingerprints. At its best, the PFC determines how you'll respond to an off-color joke and what makes you grouchy. It's what guides you to comfort a ...
